COMPLETING REPORTS

- There are two ways to enter transactions into your reports
 - Entering individual transactions
 - Uploading transactions

Note: The menu for conduits will look different

State of Wisconsin
Ethics Commission

UPLOADING FROM A SPREADSHEET

- Spreadsheets are provided in CFIS, "Upload Transactions for Spreadsheet", you will upload receipts and expenses in separate spreadsheets
- After the Spreadsheet uploads, it will either be **Processed-No Errors** or **Processed-Errors**
- If there are errors, the final column of your uploaded spreadsheet that **processed with errors** will list them

A step by step guide is available in the [CFIS User's Guide](#) starting on page 6

CORRECTING ERRORS IN UPLOAD

- Open the document that was **Processed-Errors**
- Make any necessary changes and save the file (using "Save As") and upload
- Only upload transactions which you modified
- **Do not** reupload the original spreadsheet that **processed without errors** a second time—this creates duplicates.
- If you duplicate transactions or failed to resolve all corrections you also make modifications within "File Report/Edit Pending Transactions"

See User's Guide page 8 - <https://ethics.wi.gov/Resources/CFIS-UsersGuide.pdf>

REPORTING CONDUIT CONTRIBUTIONS

- **When entering conduit contributions with the passcode make sure you accept in the correct filing period.** Once you press accept, you can only change the filing period or acceptance date by editing each individual transaction. If you choose the wrong value, and delete the transactions you will need to either manually enter the contributions or type the information onto the upload templates. *Passcodes can only be used once.*
- If the conduit transmittal passcode and transactions are entered in to the wrong filing period, you may need to delete them all from that period, and individually enter each conduit contribution.

★ It is important to double check the filing period before pressing accept when reporting conduit contributions.

TIPS FOR ACCURATE REPORTING

- Always preview the report before filing to state

- Previewing will allow you to view the report and confirm that the:
Cash Balance Beginning of Report
+ Total Receipts
- Total Disbursements
= Cash Balance End of Report

If these fields do not balance, your report has an error in its transactions or in its reported cash balances.

QUESTIONS?

LOBBYIST CONTRIBUTIONS

LOBBYIST CONTRIBUTIONS

- Lobbyists may make contributions to candidates for local and non-partisan office if the candidate is not currently holding a partisan office
- A lobbyist may make a personal contribution to a partisan elected official or candidate for partisan state office:
From the first day authorized by law for the circulation of nomination papers until general or special election day
AND the Legislature has concluded its final floor period
AND the Legislature is not in special or extraordinary session (check <https://legis.wi.gov>)
-This excludes senators not up for re-election (cannot contribute to senators of even-numbered districts for the 2018 general election)
- A lobbyist may deliver a contribution on behalf of a committee (PAC, Conduit, etc.) at any time

*note: this restriction applies to lobbyists that represent limited lobbying principals

LOBBYISTS CONTRIBUTING THROUGH CONDUITS

- Contributions made by a lobbyist through a Conduit, are personal contributions from the lobbyist and are subject to the same restrictions.
- Exercise caution when authorizing contributions right before an election. Take steps to ensure that the contribution will be received by the candidate committee by the election so the contribution does not fall outside of the allowable window.
- It may be useful to provide conduit administrator with a list of lobbyists and time frame in which their contributions are allowed.
